MRS. WILSON'S COCOA-NUT OIL HAIR DRESSING

Mrs. Wilson's Hair Dressing is put up in large bottles, and retails for 37 cts. per bottle, and for dressing the hair of any person, young or old, there is not its equal in the world. It will make the hair everything you wish it to be, and moreover, it has a perfume that is infinitely superior to any of the fashionable extracts, either foreign or American, which alone should entitle it to a place on every lady's toilet table.

Use the Regenerator before retiring at night, and in the morning apply a little of the Dressing, and your hair will be even more lifelike in color and beauty. Use nothing on your hair but these preparations, and use these according to directions, and we warrant you a good healthy head of hair.

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR Restoring

THE BALD AND GRAY

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered romething that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. W.cod's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th 1859.

Prof. O. J. Wood & Co. Gents: The letter I wrote you in 1856. concerning your valuable. Hair Restorative, and which you have published in this vicinity and elsewhere, his given rise to numerous inquiries touching the tacks in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is if true of all therein contained; third does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the ordy cause why it is not generally true is that the substance is weshed off by frequent ablution of the face, when if core were used by wiping the face, in close connection with the whiskers, the same result will follow as the lamir. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much frand in the manufacture and sail of various compounds as we I as this, it has no doubt been basely minated and been used, not only without any good in the absolute injury. I have not used any of your Restorative of any account for some months, and you a profit is get good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact I send you a lock of my hair, taken off the ye, my hair is as good as ever, and hundreds have ex imined it with surprise, as I am now 61 years old and not a gray buir in my head or on my lace; and to prove this fact I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles lest Summer for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skepticle until after trial, and then purchased and used it with universal success. I will ask as a fayor, that you send me a test by which I can discover frault in the Restorative, sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article which curses the ininventor of the good. I deem it my daty as heretofore to keep you apprised of continues, ffect on my hair, as I assured who enquire of my unshaken opinion of its valuable results. I remain, dear sir, yours.

Prof. C. J. Now chader and justice compel me to announce to wheever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was.
